

Be A Star And A Star Maker

By Paul Kroto – DrinkACT Diamond Director and DrinkACT Trainer Of The Year

Building a DrinkACT business is as simple as becoming a *star* and helping the people below you become *stars*. Start by personally enrolling 2 people into boxes 1 and 2. Once you personally enroll 2 people (1 on each side) you are a *star*! Then teach those 2 people how to personally enroll 2 people each and fill in boxes 3, 4, 5, and 6 so they become *stars*. Keep going and stay personally involved in teaching the people in boxes 3-6 how to enroll their 2 people and fill in boxes 7-14 so they become *stars*. **DON'T STOP THERE!** It is critical that you stay personally involved in teaching the people in boxes 7-14 how to enroll their 2 people so they can fill in boxes 15-30 and become *stars*. The key to building a **STRONG** business is building in depth. The key to building in depth is you **PERSONALLY** working with the people in slots 1-14 to make sure that each and every one of them have their 2 personally enrolled people and become *stars*. Please print out one of these sheets for yourself and one for every person that you personally enroll so that you can keep track of your business growing 4 levels deep.
